For tax purposes, MNLGA dues may be claimed as a business expense under Section 162 of the Internal Revenue Code. However, the Omnibus Reconciliation Act of 1993 directs that whatever portion of membership dues income is expended by an association in lobbying for or against specific legislation is not a deductible business expense for the association members. As such, it is estimated that 40% of MNLGA dues will be used for non-deductible lobbying activities.
